

## 7 day all inclusive Fishing Holiday in Hossa, north of Finland - several methods, multiple destinations

Fishing is a great summer activity and the Hossa area provides an excellent setting for different fishing methods in varying destinations. Both beginners and professionals will find enjoyable experiences with a local guide. On this 7 day fishing trip we will mostly be using a simple rowing boat made for 3 persons, that's why this trip is tailored for 2 persons only; this allows us to reach unique places and it's not even allowed to use a motorboat at some destinations situated inside the Hossa National Hiking Area. If you have previous experience on fishing and you feel you can manage in a boat/with the equipment by yourself, then more than 2 people is possible. In general this tour is for authentic type of fishing, we won't be using echo sounders or any high-tech gadgets for example.

We will be fishing in varying destinations with different sizes of spinning reels, target fish being pike, perch and brown trout. The Wilderness lodge will serve as our basecamp from where we will do daily, 5-6 hour fishing trips to the surrounding area, all within a 45 minutes drive.

Here's your tailored proposal that can be fixed to meet your needs, if you have special interest towards catching certain type of fish for example. Weather should always be taken into notice and many times the night/evening time is better for fishing so the timetables will vary!

### Day 1

Arrival to **Kuusamo, Kajaani or Oulu** airport and **transfer to Hossa**. We'll enjoy a **welcoming dinner** at the Wilderness lodge, settle in, get familiar with the surroundings and go through our plan for tomorrow.

### Day 2

After breakfast it's time to pack our gear and head after pikes, possible to catch good sized perch too. We will be fishing from a boat, following a river and doing some spin casting and trolling on the way. A picnic lunch will be enjoyed outdoors. After fishing we will heat up the sauna and have dinner.

### Day 3

Today after breakfast we will try to catch perch from some of the dozens of crystal clear ponds of Hossa. We'll use ultra light equipment, try our luck on few different destinations, fish from the shore and move by foot so this day is going to include some exercise

too. Picnic lunch outdoors, dinner and sauna included.

#### Day 4

This days' target is brown trout and we'll try to catch it from one of the lakes inside the Hossa hiking area. We'll be gently sliding forward on a rowing boat, waiting for the strike. There's a solid chance to catch white fish and grayling on these lakes too, perch and pike also depending on the lures we choose to use. Breakfast, picnic lunch, dinner and sauna included.

#### Day 5

Today we are after pikes again but on a different destination. Pikes are found in every lake up here, they are very aggressive and fishing them offers plenty of action so that's why we'll do it for two days. Fish weighing over 10 kg are caught annually so there's a chance for a fish of a lifetime! All meals included.

#### Day 6

On the last day you can choose what you'd like to do. It's possible to do something completely different like going for a hike for example. A few ponds in the area are stocked with rainbow trout and there's a chance for river fishing too so you can try out one more fishing method, or you can choose to do something we did during the week. Last full day of your tour includes all meals and sauna of course.

#### Day 7

Breakfast, transfer to the airport and time to say goodbye!
